Under The Sea

# Can you make an Under The Sea Scene?

- Your task this week is to make a whole Under The Sea Scene, including creatures and plants which you find in in the oceans
- I have suggested 3 different techniques which you could used to create this scene, however if you have a different idea you can use that instead.

## Wax resist

Use wax crayons to draw an underwater scene

Use paint mixed with water to paint over the whole picture. The paint shouldn't stick to the wax crayon and so your pictures shows through.

# Collage / Cut and Stick

Cut out pictures to create a collage or cut use different colour paper to make your sea creatures.

# Diorama

- Use an old box (a shoe box or cereal box) to create a 3D Under The Sea scene. I have used my models from last week to create mine.
