

Dear Sampson,

I am at camp this week near Kempton Park with the big river. It has been damp and wet all week.

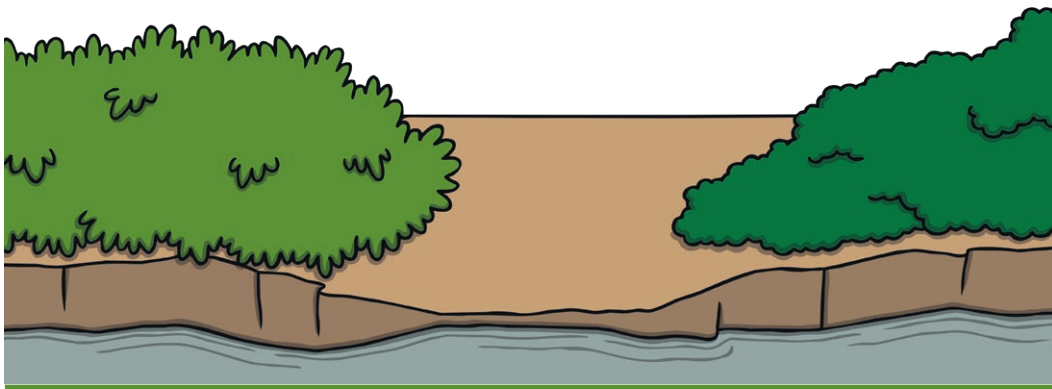

I like to jump across the river but one night I fell in and got wet. I did get to stamp and stomp with my red boots on back across the river. What fun!

In the night, the wind was strong. There was a bump and the lamp fell off the tree stump. We need to mend it now.

Tonight, I am off to see a little chimp at the zoo. I cannot wait! I do not think he can jump high yet.

See you soon.

From Kemp
