

Dear Wilt,

I am in Welton Park for a week. It has been so hot that I felt I might melt!

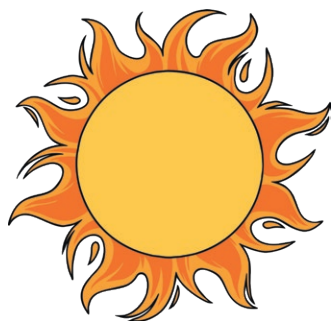

At night, we are in a little shelter. The roof is just a tree so it is hard to sleep. I had a quilt but it smelt bad so Mum got me a fresh blanket.

At the start of the week, we went to see a catapult. It was so big that a man went on it. Then, I got a belt from the market. It is made of felt and feels so soft.

We did a quiz at the park, too. I spelt some of it wrong so I did not win.

See you soon.
