

Dear Elka,

I am on a trip to a farm. We get to be the farm helpers all week. It is so much fun!

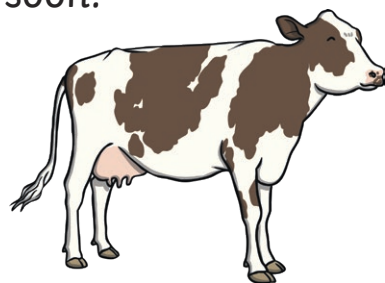

My sister got to milk a cow but the cow stood on her foot. She did a yelp and went off in a sulk so I had to help.

I like the pigs the best. They skulk in the pen and wait for food. When they hear you, they do big grunts and gulps until you feed them.

The cat is good too. She is black with pink ears. She feels like silk and likes to sit in the sun.

I cannot wait to see you soon.
