Good morning Kelmarsh,

So do you remember when we were learning about London, I said that Mr Thornely had been invited to the Queen's Garden Party and he was allowed to invite someone else (which was me) ... well that was supposed to be today! I was so excited to see Buckingham House' gardens and meet someone from the Royal Family. Oh well! They have said it will be postponed so I'm hoping we will be able to go in the future. I might still be able to wear a posh frock and a hat!

Joke corner

Why did the belt go to prison? Because it held up a pair of trousers.

I had feedback that some parents would like me to put the answers for maths the next day — as it was too tempting to peek at the answers before working the calculations out. What I'll do, is if its part of the modelling/guided sessions I will keep the answers in (so your child knows if they are getting the gist of it) but the practise activities (after the guided steps), the answers will be on the beginning of the next day's Power Point. I hope this helps!

I am really proud of how hard all of you are trying to learn at home. I **really** do know it is not easy (believe me having two of my own and both Mr Thornely and I working too). Just try your best and remember, try not to make too much of a fuss with your Mum or Dad about getting your work done. They are trying their best too. I love it when I hear positive comments that you are trying hard and aiming high. Those are the comments that make my hear burst with pride!

Take care and be kind to each other, Love Mrs Thornely

Welcome to Kelmarsh Online

Kal ee meh a

(Parents/ carers – our language of the term is Greek. This is how we say good morning when we do the register.)

Question

Vocabulary

Parents/carers tip: the focus today is the reading skills with orange arrows

Book Talk	Word	Definition	Word class
These are key words in the text that the children might find tricky to read or unsure of the meaning. I normally read the word and get the children to echo. I then tell them the meaning and put it in a sentence to make it sense for them. We then talk about the word class (right hand column) Vocabulary	reduce	to make less in amount or size	verb
	tote bag	a large bag used for shopping	noun
	reuse	to use again or use more than once. One can reuse plastic bread bags.	verb
	recycle	to put through a process that allows used things to be reused. Northampton recycles old plastic bottles to make school fleeces.	verb
	eco- friendly	something that doesn't harm the environment	adjective
	environment	Area in which plants or animals live	noun

Save the World with the 3 Rs Book Talk What a waste - Jess French

Around 75 million tons of waste are thrown away daily.

1) Reduce

The best way to stop creating so much waste is to buy fewer thing. Take a tote bag (reusable bag) to the shops instead of using plastic bags and buy loose fruit and vegetables to avoid too much plastic packaging.

2) Reuse

The next best thing you can do is reuse things instead of only using them once. Try a craft project to find new uses for old things. Cans and jars make great storage containers, while colourful paper can be used to wrap presents.

3) Recycle

For everything else, recycle as much as you can. Plastic is particularly difficult to recycle, so make eco-friendly swaps like using a paper bag that can be recycled in place of a plastic one that can't.

Many people are trying to live zero waste lives. Some of them can fit their rubbish from a whole year inside a single jam jar.

Book Talk

Parents/ carers tip:

Using the text, encourage your child to talk about what they have just read using the following questions

Retrieve

How much waste is thrown away daily?

daily.

Book Talk

Parents/ carers tip:

Using the text, encourage your child to talk about what they have just read using the following questions

Retrieve

What's the best way to stop creating so much waste?

The best way to create less waste is

Book Talk

Parents/ carers tip:

Using the text, encourage your child to talk about what they have just read using the following questions

Retrieve

Clarify

What does re-use mean?

Re-use means

Book Talk
Parents/ carers tip:

Using the text, encourage your child to talk about what they have just read using

the following questions

Zero waste life means _____

Do you think living a zero waste life would be easy? Why/ Why not?

I think living a Zero waste life would be easy/difficult because

Maths

Parents/carers tip: we are now moving into our maths class

Today's maths will work best using PowerPoint, in presentation mode as the modelling sections have parts of the page that will move to help with the modelling.

So please complete maths when you have access to a computer rather than using a mobile phone.

Thank you

There are two play modes in NumBots that serve different purposes.

1. Story Mode for Understanding

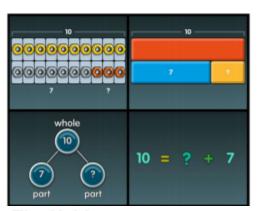

In Story Mode, the emphasis is on mathematical concepts and is underpinned by a mastery approach to teaching. Story Mode features visual representations, procedural variation, exposure to different calculation strategies and interleaved material all in very carefully sequenced order.

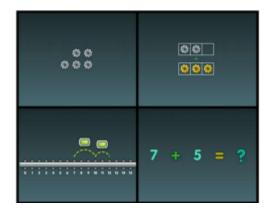

Unlocking Levels

Story Mode is set out as a series of Stages (Rust, Tin, Iron, etc) containing levels, a bit like Angry Birds. Rust is the first Stage and level 1 is unlocked, so this is the place for *everyone* to start.

To unlock the next level, players need to earn two stars by showing sufficient proficiency.

The levels in Story Mode follow a natural mathematical progression and move the pupil through the game automatically, which means you don't have to set anything! (You're welcome ©)

Get In The Habit

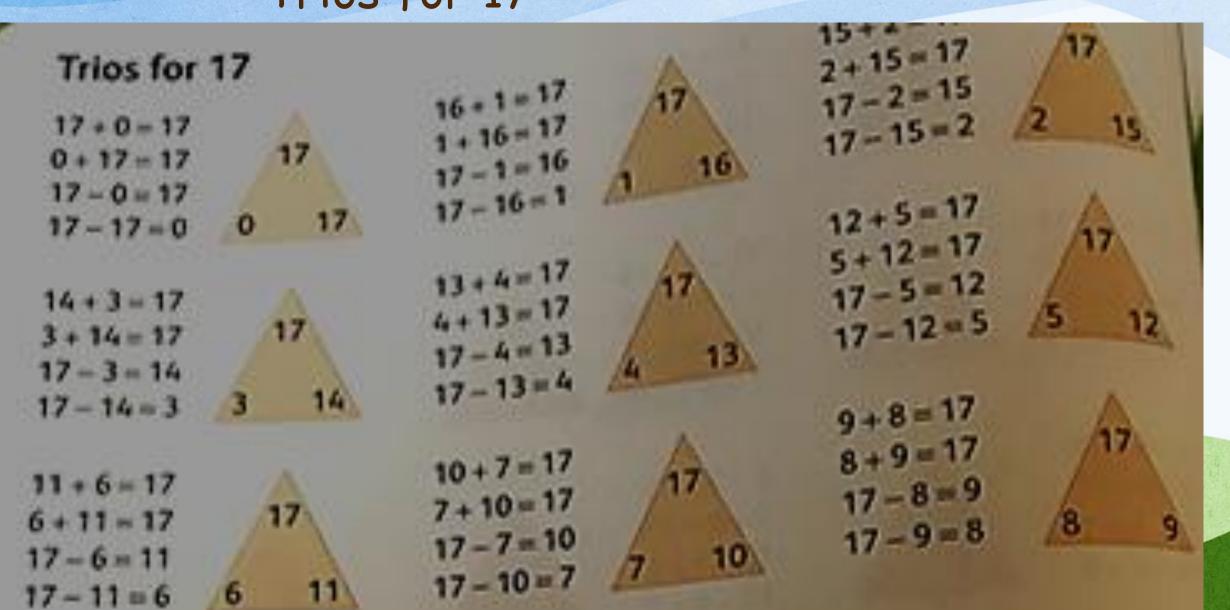

Aim for pupils to play in Story Mode for three minutes four to five times a week, to get the best out of NumBots. Little and often is key (spaced practice is more effective than blocked practice).

Baseline

There is no baseline on NumBots.

Warm up: 3 - 5 min of NumBots in story mode

Review: Addition and subtraction trios to 20 Trios for 17

Star words

5 times tables

multiply

multiplication

factor

product

pattern

Maths: L.O. Can I learn my five times tables?

Recap

We count up in groups of 2s when we work out the two times tables.

We count up in groups of 10s when we work out the ten times tables.

 $5 \times 10 = 10 \times 5$ The factors can be written either way but the product will still be the same - 50. Practise

Let's chant the $2 \times$ tables and the $10 \times$ tables

Remember that the twos end in 0, 2, 4, 6, 8

The tens end in 0

www.ncetm.org.uk/masterypd

 $0 \times 2 = 0$

 $1 \times 2 = 2$

 $2 \times 2 = 4$

 $3 \times 2 = 6$

 $4 \times 2 = 8$

 $5 \times 2 = 10$

 $6 \times 2 = 12$

 $7 \times 2 = 14$

 $8 \times 2 = 16$

 $9 \times 2 = 18$

 $10 \times 2 = 20$

 $11 \times 2 = 22$

 $12 \times 2 = 24$

 $0 \times 10 = 0$

 $1 \times 10 = 10$

 $2 \times 10 = 20$

 $3 \times 10 = 30$

 $4 \times 10 = 40$

 $5 \times 10 = 50$

 $6 \times 10 = 60$

 $7 \times 10 = 70$

 $8 \times 10 = 80$

 $9 \times 10 = 90$

 $10 \times 10 = 100$

 $11 \times 10 = 110$

 $12 \times 10 = 120$

Maths: L.O. Can I learn my five times tables?

Practise

Now let's chant the $5 \times$ tables

What do you notice

Look at the product (answers) of the 5 times tables.

It there a pattern? What do you notice?

I notice that ...

the five times tables end in a zero or five.

$$0 \times 5 = 0$$

$$1 \times 5 = 5$$

$$2 \times 5 = 10$$

$$3 \times 5 = 15$$

$$4 \times 5 = 20$$

$$5 \times 5 = 25$$

$$6 \times 5 = 30$$

$$7 \times 5 = 35$$

$$8 \times 5 = 40$$

$$9 \times 5 = 45$$

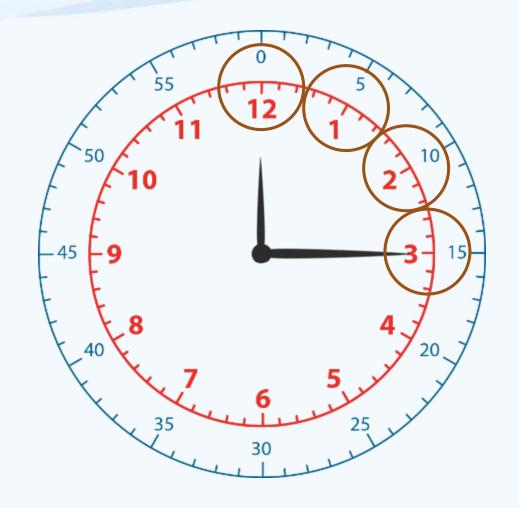

$$10 \times 5 = 50$$

$$11 \times 5 = 55$$

$$12 \times 5 = 60$$

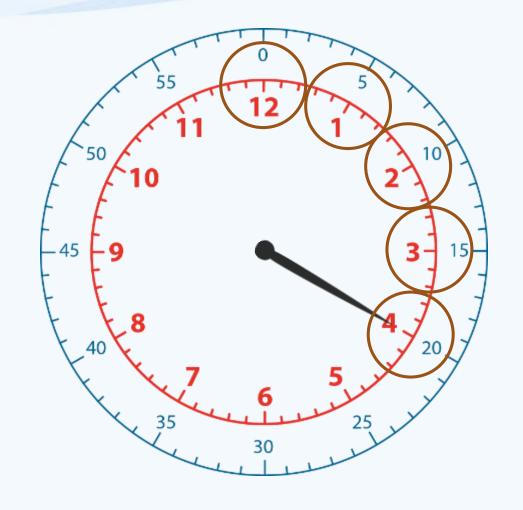

Use a clock face for the five times tables.

Question
If the minute hand is pointing at "3", how many minutes past the hour is it?

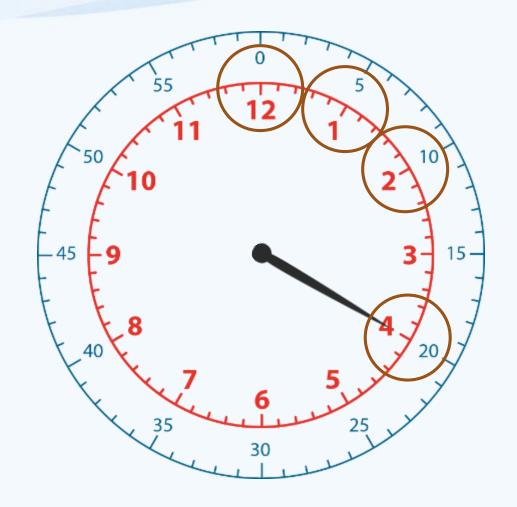

Use a clock face for the five times tables.

Question
If the minute hand is pointing at "4", how many minutes past the hour is it?

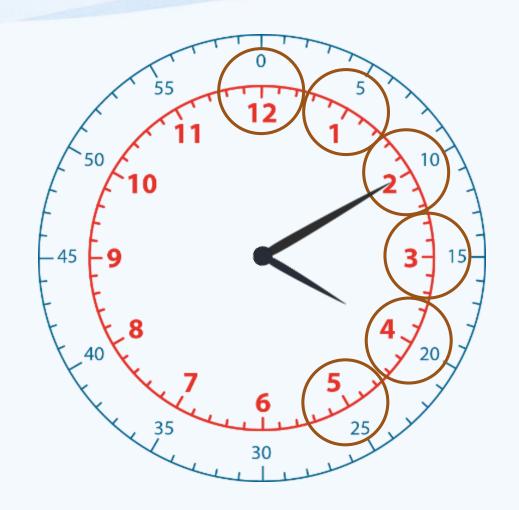

Use a clock face for the five times tables.

Question
What about if the minute hand is pointing at "2"?

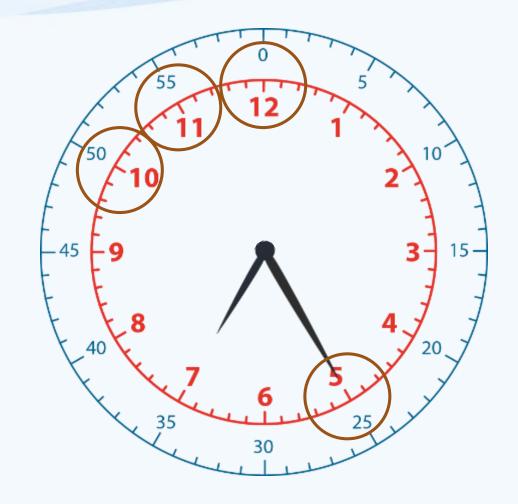

Use a clock face for the five times tables.

Question
What about if the minute hand is pointing at "5"?

Use a clock face for the five times tables.

Question
If the minute hand is pointing at "10", how many minutes before the hour is it?

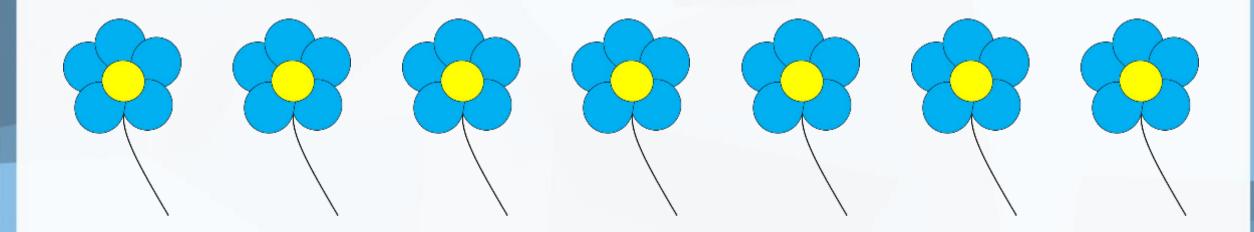

How many fingers altogether?

There are _____25_ singers in total.

5 x 5

How many petals are there altogether?

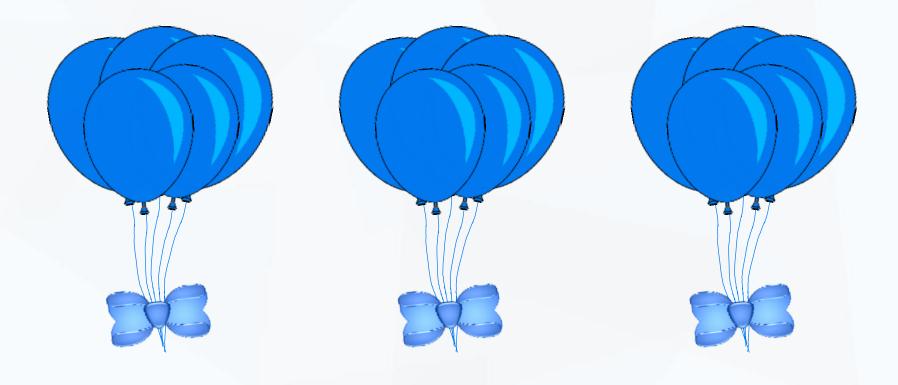

There are _____35 petals in total.

7 x 5

Guided

How many balloons are there altogether?

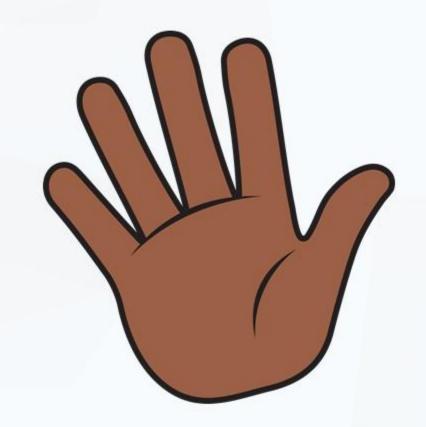

There are _____15 balloons in total.

3 x 5

How many hands are there if there are 40 fingers? Guided

$$\frac{8}{x}$$
 x 5 = 40

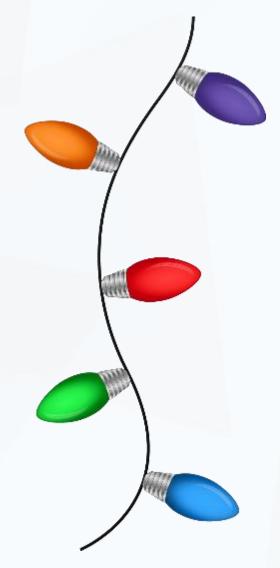

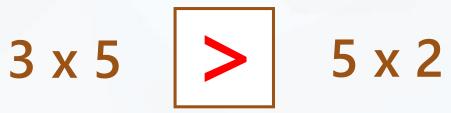

How did you work this out? What was the easiest method?

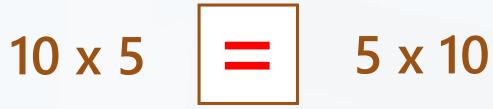

There are 45 Christmas lights. How sets of lights are there?

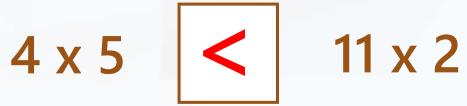

$$9 \times 5 = 45$$

How did you work this out? What was the easiest method?

The 5 times-table

Year 2 - Autumn Block 4 - Conjunctions

Step 4: Recognising 'when' and 'if'

Introduction

Join the clauses using a conjunction to create sentences that make sense.

She was so excited that it is raining.

You'll need a jacket because she couldn't sleep.

There was so much snow because I made a snowman.

He can come to the game that there are tickets left.

Introduction

Join the clauses using a conjunction to create sentences that make sense.

She was so excited that she couldn't sleep.

You'll need a jacket because it is raining.

There was so much snow that I made a snowman.

He can come to the game because there are tickets left.

English Grammi	ar: L.O. Can I recognise the conjunction When and If?
	<u>Varied Fluency 1</u>
	Could 'when' or 'if' be used to complete the following sentences?
	A. The sponge cake is put in the oven it bakes.
	B. Jane can come swimming she has her full swimming kit.
	C. You'll need a new handwriting pen yours runs out.

English Grammar: L.O. Can I recognise the conjunction When and If? **Varied Fluency 1** Could 'when' or 'if' be used to complete the following sentences? X A. The sponge cake is put in the oven _____ it bakes. B. Jane can come swimming _____ she has her full swimming kit. C. You'll need a new handwriting pen _____ yours runs out. If or when would both work for sentences B and C.

English Grammar: L.O. Can I recognise the conjunction When and If? **Varied Fluency 2** Tick the sentence which uses the conjunction 'if' correctly. Mandy was quiet if she knew that her tired dad was sleeping upstairs. B. Paul was very upset if his dog always managed to cheer him up.

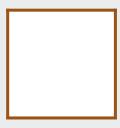

Varied Fluency 2

Tick the sentence which uses the conjunction 'if' correctly.

A. Mandy was quiet if she knew that her tired dad was sleeping upstairs.

B. Paul was very upset if his dog always managed to cheer him up.

Varied Fluency 3

Underline the word which joins the main clause and the extra information.

I enjoyed myself when we went to the cinema yesterday.

Varied Fluency 3

Underline the word which joins the main clause and the extra information.

I enjoyed myself <u>when</u> we went to the cinema yesterday.

Varied Fluency 4

Do the sentences below make sense?

A. Tommy plays the guitar well if he has great talent.

B. I only sing loudly in my red car when I am on my own.

Varied Fluency 4

Do the sentences below make sense?

A. Tommy plays the guitar well if he has great talent.

B. I only sing loudly in my red car when I am on my own.

Sentence A = no; Sentence B = yes

Application 1

Tick the boxes to show where the conjunction 'if' should go in the sentences below.

A. My son only cleans his bedroom he can watch television in the study afterwards.

B. She will eat her dinner you don't put too many green vegetables on her plate.

Application 1

Tick the boxes to show where the conjunction 'if' should go in the sentences below.

A. My son only cleans his bedroom
he can
watch television in the study afterwards.

Reasoning 1

Circle the conjunction which should be used in the sentence below.

f

when

Sonya can go to the big park with her friends _____

her older brother goes with her.

Explain the reason for your choice.

Reasoning 1

Circle the conjunction which should be used in the sentence below.

if

when

Sonya can go to the big park with her friends <u>if</u> her older

brother goes with her.

Explain the reason for your choice.

The conjunction 'if' should be used because it explains the conditions under which Sonya can go to the park.

Reasoning 2

Which sentence explains the reason Alice will travel around the world?

- A. Alice will travel around the world with her younger brother.
- B. Alice will travel around the world before starting university.
- C. Alice will travel around the world if she wins the lottery one day.

Reasoning 2

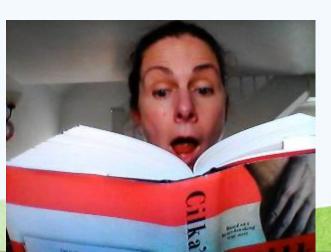

Which sentence explains the reason Alice will travel around the world?

- A. Alice will travel around the world with her younger brother.
- B. Alice will travel around the world before starting university.
- C. Alice will travel around the world if she wins the lottery one day.

Sentence C because it explains the conditions under which Alice will travel.

Don't forget ... part of English is reading everyday!

(Parents/ carers – can you make sure that your child reads to you and/ or you read to them every day. Thank you!)

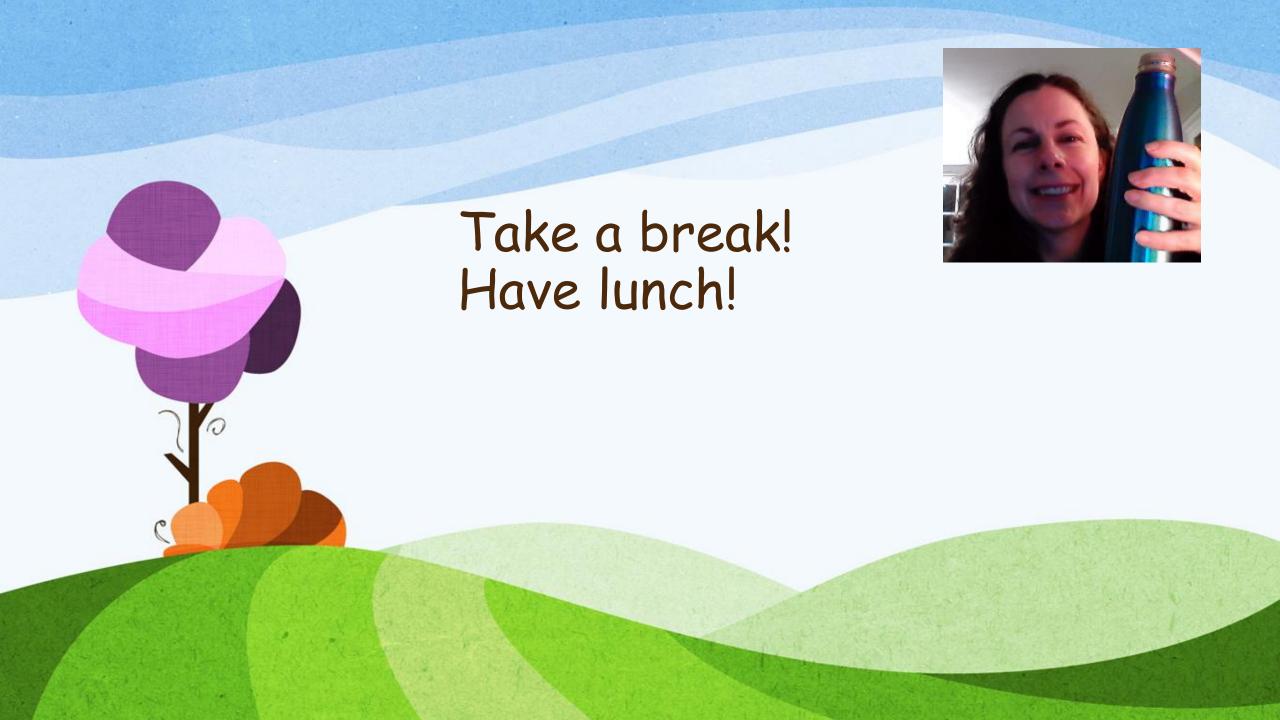

Comedian and children's author David Walliams is releasing a free children's audio book daily for the next 30 days, he announced on Twitter this morning.

He tweeted: "I am about to call in to @ZoeTheBall's @BBCRadio2 show to talk about the free 'World's Worst Children' audiobooks I am posting daily."

The first story is already available for download on Walliams' website. Called 'The Terrible Triplets', it's part of his book 'The World's Worst Children 3', a collation of different stories that was released in 2018.

The audio book extracts will be released daily at 11am, and will be selected from his 'World's Worst Children' book series.
